ELECTION COMMISSIONERS MAKE CANVASS OF RETURNS

The Bourbon County Board of Election Commissioners, composed of Sheriff J. A. "Boss" L. S. Y. and B. B. Marsh, met at the court house Friday afternoon, and made a canvass of the returns of the regular election held on Nov. 4, and issued certificates of election. The total vote of each candidate as taken from the official count, is as follows:

State Senator—J. Will Clay, 2,339.
Representative—R. B. Hutchcraft, Jr., 2,316.
Commonwealth's Attorney—Victor A. Bradley, 2,303.
County Judge—C. A. McMillan, D., 2,383; D. M. Hurst, R., 1,684.
County Clerk—Pearce Paton, 2,338.
Sheriff—W. F. Talbott, 2,334.
Jailer—Joe Farris, 2,341.
Coroner—Rudolph Davis, 2,320.
Surveyor—Ben F. Bedford, 2,316.
Assessor—R. M. Gilkey, 2,329.
County School Superintendent—Miss Mabel Robbins, 2,314.
Justice of the Peace—Ernest Martin, Paris, 831.
Constable—S. M. Turpin, 820.
Constitutional Amendment—No. 1, For, 805; Against, 153.
No. 2, For, 731; Against, 195.
Millersburg—Justice of the Peace—E. P. Thomason, 245; Constable—Preston Hicks, 243; Mayor—W. D. Wadell, 15; Police Judge—T. P. Wadell, 15; Councilmen—W. A. Butler, 15; Rufus Butler, 15; W. M. Miller, 16; Ed. Ingels, 15; P. D. Jones, 16; J. J. Peed, 15.
North Middletown—Justice of the Peace—J. J. Redmon, 257; Constable—G. W. Sparks, 253.
Clintonville—Justice of the Peace—A. L. Stephenson, 216; Constable—William Beasley, 213.
Hutchison—Justice of the Peace—O. B. Lloyd, 111; Constable—Elmer McGinnis, R., 87.
Centerville—Justice of the Peace—John N. Shropshire, 165; Constable—John M. Leach, 167.
Ruddles Mills—Justice of the Peace—R. O. Turner, 284; Constable—Doc Snapp, 281.

It is not necessary to go to other towns to buy Wilson heaters. We are agents for the Wilson line and we guarantee prices as cheap as anyone. (24-4t) LOWRY & TALBOTT.

WILL BUILD CONCRETE DAM AT SPEARS' MILL.

That the people of Paris will never again be subjected to such inconvenience as has been experienced during the recent drought, is to be practically insured by the erection of an enormous dam across Stoner creek at Spears' Mill, about seven miles above Paris.

Plans began to take definite shape Friday when Superintendent Newton Mitchell, of the Paris Water Company, let the contract for building the dam to Woods & Cain, of this city. The contract provides for a concrete dam reinforced by steel, and which is the base to be 100 feet long, eight feet high and seven feet at the base. This big wall will be furnished with a flood gate of the most approved kind so that the structure will be able to withstand the pressure of the water during the flood times, and yet can be so managed that in dry seasons the water may be let through in such quantities as will be necessary to supply all demands of the city. A large force of teams and men will be put to work immediately and the job will be pushed with all possible speed. The contractors will move their big rock crusher to Spears' Mill and the rock grinding will be commenced at once. The dam, when completed, will cost in the neighborhood of \$3,000, and will be of incalculable benefit to the citizens of Paris.

COUNTY Y. M. C. A. TO HOLD CONFERENCE ON NOVEMBER 14.

There will be a conference of the pastors; Sunday school superintendents and teachers of boys' classes of Bourbon county held in Paris on November 14.

An expert on boys' work, Mr. Arthur N. Cotton, of New York, will attend the conference, which will be held in the interest of the work for boys in our Sunday schools.

The Bourbon county Y. M. C. A., under whose auspices the conference will be held, is trying to aid the Sunday schools in the work for boys and young men. It is hoped that all the pastors, superintendents and teachers of the county will be present.

The conference sessions will be held in the Paris Christian church, beginning promptly at 11 o'clock Friday morning. The ladies will serve a lunch at the close of the first session, so that the workers may continue the work of the conference, and conclude by 2:30 or 3 o'clock.

That night Mr. Cotton will address a meeting of boys in the High School building.

A special conference for the boys themselves will be held at 9 o'clock all the boys' classes in the Sunday schools of the county are invited to be present at both the Friday night session and the meeting on Saturday morning. The people of Paris will entertain the delegates who spend the night here.

REQUISITION HONORED

By Governor of New Hampshire in Case of Harry Thaw.

Governor Felker, of New Hampshire, Saturday honored the requisition of the State of New York for the extradition of Harry K. Thaw.

The case is now transferred automatically to the Federal Courts, where a writ of habeas corpus on behalf of Thaw is pending.

The Governor based his decision on the indictment returned against Thaw in New York County, which charged him with conspiracy to escape from the Matteawan Asylum for the insane, to which he was committed after his second trial for the killing of Stanford White.

Thaw made his sensational flight on August 17, and a few days later was arrested near Coaticook, Canada.

Thaw's attorneys announced that they would immediately file an amendment to their petition for a writ of habeas corpus, application for which was made soon after Thaw was arrested in that State, following his deportation from Canada.

The original petition was based on the allegation that Thaw was indicted for conspiracy by the Dutchess County grand jury, and it was suspended pending the Governor's decision upon the matter of extradition.

Because the extradition now has been granted on the strength of the New York County indictment, it will be necessary to amend the petition accordingly.

Thaw was not present when Governor Felker announced his decision to the attorneys representing the fugitive and the State of New York at the capital. He will remain here in the custody of United States Marshal Nute and Sheriff Drew pending the Federal proceedings.

At a conference of counsel following the decision, it was agreed that the status quo should continue for a week. Thaw remaining here in his present custody, during which time his counsel will prepare the papers for the procedure in the United States Court.

Thaw said that he would make no comment upon the Governor's decision and the probable future course of his case. His mother, Mrs. Mary Copley Thaw, issued a 500-word statement in which she said that the Governor's decision was not a shock to her, although it was a disappointment.

GINNING REPORT MADE

Shows 8,835,913 Bales of Growth of 1912 Ginned Prior to Nov. 1.

The fourth cotton ginning report of the season, compiled from reports of the Census Bureau correspondents and agents throughout the cotton belt, and issued at 10 a. m. Saturday, announced that 8,835,913 bales of cotton, counting round as half bales, of the growth of 1912 had been ginned prior to November 1. To that date last year 8,869,222 bales, or 65.8 per cent. of the entire crop, had been ginned; in 1911 to that date 9,970,905, or 64.1 per cent. of the crop, had been ginned, and in 1906 to that date 6,906,395 bales, or 53.2 per cent. of the crop, had been ginned.

Included in the total ginnings were 61,820 round bales, compared with 53,939 bales last year, 68,313 bales in 1911, 81,183 bales in 1910 and 109,621 bales in 1909.

The number of sea island cotton bales included was 42,769, compared with 28,887 bales last year, 56,563 bales in 1911, 40,504 bales in 1910 and 55,237 bales in 1919.

CAUSE OF INSOMNIA

The most common cause of insomnia is disorders of the stomach and constipation. Chamberlain's Tablets correct these disorders and enable you to sleep. For sale by all dealers.

PROGRESS OF THE "BETTER BABIES" CAMPAIGN.

The Woman's Home Companion carries on its campaign for "Better Babies" in the November number. No modern movement has taken such firm hold on American mothers as the movement for "Better Babies." "Better Babies" contests in forty States have been given with the Companion's cooperation in the way of cash prizes, medals, certificates of award, and most important of all, the "Better Babies" standard score card and other literature prepared for and furnished by the Companion.

As a direct result of these contests there has arisen a deluge of questions from mothers as to how children can be given the best possible start in life, physically, mentally, morally and spiritually. These questions are to be answered in a series of authoritative articles, the first of which appears in the November number entitled "The Meaning of Motherhood," by Dr. S. Josephine Baker, Director of Child Hygiene, Department of Health, New York City. On the question of preparation for motherhood, Doctor Baker says in part:

"When everything has been found to be normal, or the best possible efforts have been made to make it so, the next most important duty is that of a calm mind, cheerfulness and a firm faith in the great joy to come. Dr. Osler, the famous physician, has said that the master word in medicine is 'equanimity.' He might have gone further and called it the master word for all of life's conduct, for never are equanimity and even judgment needed more than when a woman must consider that her mental attitude affects not only herself but another life, for the time wholly hers, to protect and guard.

"Gossip of dire foreboding and old wives' tales should never be listened to. Nine-tenths of the stories of serious results are pure fiction, with no real basis of fact, however authentic they may seem or how well supported they are by details. Science has disproved utterly the theory of marks and disfigurement appearing on the baby as the result of sudden frights or horrifying experiences of the mother, but allowing the mind to dwell upon such stories may mean a lowered vitality on the part of the mother owing to the mental worry, and, consequently, a lowered vitality and a disturbed system for the baby."

SAVED HIS FOOT.

H. D. Ely, of Bantam, O., suffered from horrible ulcer on his foot for four years. His doctor advised amputation, but he refused and reluctantly tried Bucklen's Arnica Salve as a last resort. He then wrote: "I used your salve and my foot was soon completely cured." Best remedy for burns, cuts, bruises and eczema. Get a box today. Only 25c. All druggists, or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.

Servant (to his master an author)—Sir, there are fifteen thousand people in the street clamoring to know what is going to happen in your serial tomorrow.

Y. M. C. A.'S WORK FOR TUBERCULOSIS DAY.

Nearly 600,000 members of the Young Men's Christian Association of the United States, including several thousand members of the allied health leagues, hundreds of physical directors and 345,000 members of the physical departments will be urged to cooperate in the Tuberculosis Day campaign during the week of December 7, according to an announcement made from the headquarters of this movement in New York.

Lectures and discussions on tuberculosis will be held on Sunday afternoon, December 7, and during the week preceding and the week following that date, by many organizations connected with the Y. M. C. A. Prominent speakers in various cities of the country will address these meetings. The details of the program are being worked out by Dr. George J. Fisher, Director of Physical Department of the International Committee of the Association.

Secretaries of the local branches of the Y. M. C. A., or members of the Association who are interested in this movement can secure literature, free of charge, from the office of The National Association for the Study and Prevention of Tuberculosis, 105 East 22nd Street, New York City.

Don't Look Old Before Your Time

That backache, so common among women, brings with it the sunken chest, the headache, tired muscles, crows' feet, and the youthful body is no more youthful in appearance—and all because of neglect of attention.

There is no reason why you should be unfortunate, when you have at your disposal a remedy such as Dr. Pierce's Favorite Prescription—recommended for over 40 years as a remedy for all the peculiarities to women. We have thousands upon thousands of testimonials of its efficacy. It cures all the irregularities of the system, restores the vitality, and gives the system a perfect health. It is sold by dealers in medicines, in liquid or tablet form.

Dr. Pierce's Medical Adviser, newly revised up-to-date edition, answers lots of delicate questions about women, single or married ought to have.

Dr. Pierce's Favorite Prescription

WANTS DAIRYMEN.

U. S. Will Establish Creameries on Irrigation Prospects.

The establishment of creameries on several irrigation projects of the Government during the past two years has proven so successful that there is widespread interest in dairying among the settlers. Unfortunately many of the settlers are without the necessary capital to purchase good dairy stock and for the time being are forced to continue the uneconomic method of selling all their forage crops. A large number of these settlers are trying to operate more land than their means will permit, and with a view of engaging in dairying are desirous of subdividing their farms in order to get money for the purchase of stock. This has placed on the market a considerable area of land on several projects where nearly all of the Government land has been taken up. The prices and terms offered are more on the basis of the need for money than on actual value, and offer excellent opportunities for experienced dairymen to establish themselves in communities where the success of their enterprise is practically assured. There are numerous sections where good land suited for dairy farming can be had at prices ranging from \$25 to \$50 per acre, with water ready for irrigation. On all these projects the markets for dairy products, beef and pork, are excellent and there is every indication of a continuance for an indefinite period. It has been demonstrated repeatedly that dairy farming in the West is the safest, surest, and in the long run, the most profitable form of agriculture to engage in.

The Settlement Agent of the U. S. Reclamation Service at Chicago is furnishing information concerning location, prices, and terms to all who are seeking homes in the West, but is especially desirous of interesting practical farmers with capital. Many of these projects contain a few Government farms available for homesteading, and literature describing them is also supplied. In view of the very high prices prevailing elsewhere for lands suitable for dairying, the Western opportunities are regarded as exceedingly attractive.

NEARLY EVERY CHILD HAS WORMS

Paleness, at times a flushed face, unnatural hunger, picking the nose, great thirst, etc., are indications of worms. Kickapoo Worm Killer is a reliable, thorough medicine for the removal of all kinds of worms from children and adults. The Kickapoo Worm Killer makes children happy and healthy. 25c. Guaranteed. Try it. Drug stores or by mail. Kickapoo Indian Medicine Co., Philadelphia and St. Louis.

MINE "SNAPPER."

Killed in Accident Proves Heir to \$100,000.

John Menaback, a German, 22 years old, was killed in the Marianna Mines near Washington, Pa., where he was employed as a snapper, one of the humblest jobs in the colliery. Coroner James Heffran, in making his investigation, looked through the dead man's effects and found official documents which showed that Menaback was sole heir to a fortune of \$100,000 in Germany, which was to have been transferred to him next month. Efforts are being made to get trace of friends of the dead man in Germany.

Menaback had recently come to the Marianna mines from West Virginia. He was a quiet man who made few friends, and he told no one anything about himself. He was frugal in his mode of life and seemed to be saving what little money he could. He had never said anything to indicate that he expected to return to his native land in the near future.

He was doing his work in the mines and was running ahead of a motor and changing switches. As he attempted to board the moving motor he slipped and fell and was ground to death.

For handling salads a Texan has invented tongs, one end of which terminates in a fork, a lever pressing the ends together or permitting a spring to separate them as the user wishes.

DOING THEIR DUTY.

Scores of Paris Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow.

Help the kidneys do their work.

Use Doan's Kidney Pills—the tested kidney remedy.

Proof of their worth in the following:

A. S. Moore, contractor for concrete work, 34 N. First Avenue, Winchester, Ky., says: "I had pain through my back, and after I stooped, it was hard for me to straighten. Doan's Kidney Pills made me strong and well."

The above is not an isolated case. Mr. Moore is only one of the many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Moore had. 50c. all stores. GREAT MINERAL PRODUCER.

Illinois Ranks Third, According to Figures of Geological Surveys.

While iron ore is rather than pig iron considered as the basis of iron production, Illinois ranks third among all the States in the value of its mineral production, according to E. W. Parker, of the United States Geological Survey, the figures being compiled in co-operation with the State Geological Survey. Illinois is an important manufacturer of pig iron, being exceeded in this respect only by Pennsylvania and Ohio, but it produces no iron ore. Illinois has prominence as a mining State because of its large output of coal, being exceeded only by Pennsylvania and West Virginia. In the value of the output, however, Illinois exceeds West Virginia by as many dollars as West Virginia exceeds Illinois in tons. In 1912 the total value of the mineral production of Illinois was \$123,068,338. In 1911 the value of all the minerals produced in the State was \$106,275,115. Illinois is also an important producer of coke, but at least 80 per cent of the raw coal used in the coke ovens comes from West Virginia.

Second in importance among Illinois mineral products is petroleum, the output of which in 1912 amounted to 28,601,308 barrels, valued at \$24,332,605, a decrease in quantity of 2,715,730 barrels and in value of nearly \$4,600,000 from 1911. Although the production of petroleum in appreciable quantity from Illinois is a part of the history of the last 10 years, the State now ranks third as a petroleum producer and is the most important State in this regard east of Mississippi River. Prior to 1915 the oil production of Illinois was measured by a few hundred barrels annually, but owing to some developments near Casey, Clark County, the production during the last six months of 1915 rose to over 180,000 barrels. Little was thought of the importance to which Illinois would rise as a petroleum producer. Within three years of the extension of the oil territory the production of the State jumped to over 33,000,000 barrels, and has averaged over 33,000,000 during the last five years. Some natural gas is produced in the State, but when compared with the output of coal and petroleum it is insignificant. The three fuels had a combined value in 1912 of \$95,243,410, compared with \$79,941,543 in 1911.

Illinois is one of the leading States in the utilization of its clay resources. In the value of manufactured clay products it ranks fourth among the States, with a total in 1912 of \$15,210,990, compared with \$14,333,011 in 1911. The principal clay products of the State are building brick, vitrified brick, architectural terra cotta, drain tile, and pottery. In the value of its brick and tile products Illinois ranks third.

There are three other mineral industries in Illinois which yield products in excess of a million dollars annually. These are cement (production of Portland in 1912, 4,602,617 barrels, valued at \$3,444,085) sand and gravel (production in 1912, 6,957,901 short tons, valued at \$1,929,822), and stone (total value in 1912, \$3,841,504).

Illinois ranks first in the production of flint, and second in the southern part of the State, and second in the production of "tripoli," a residual siliceous material used as a basis for abrasives and for filtration. Other mineral products of the State are asphalt, glass sand and other sands, gravel, lead, lime, mineral plants, mineral waters, pyrite (a by-product in coal mining), silver, sulphuric acid and zinc.

The output of pig iron, which is not included in the total value, amounted to 2,806,378 long tons, valued at \$42,828,816, in 1912. In addition to the pig iron, ferro alloys, amounting in total value to over \$800,000, are made within the State.

PAYS TAX ON \$11,000,000

FRANCHISE ASSESSMENT

The L. & N. Railroad Company on Thursday paid into the State Treasury \$55,000, the amount of State taxes due on \$11,000,000, the additional franchise assessment, on which Judge Cochran, in the Federal Court at Frankfort, said the road would have to pay before he granted a temporary injunction in the suit brought by the road to enjoin the collection of that part of its 1912 franchise assessment, claimed by it to be excessive. The road will have to pay taxes on the same assessment to the counties and cities through which the road passes. The order granting the injunction will now be entered, and the case will be prepared for final hearing unless it is compromised.

The population of France is practically stationary. The rural population has a marked tendency to seek employment in the cities.

A HAPPY CHILD IN JUST A FEW HOURS.

If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours after all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomachache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages, and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup. (adv)

TELEGRAPHIC CROP NEWS

Service to Be Extended To All The States.

WASHINGTON, D. C., Nov. 10.—As a result of requests from editors and editorial associations in many States, the U. S. Department of Agriculture has announced that the November crop reports of each State will be supplied to the newspapers in all States through the Central Weather Station located in each of the States.

This is an extension of the experiment of telegraphing the State crop returns to the Central Weather Stations in each of nine States, and having these telegrams duplicated at once and mailed to the newspapers and agricultural publications. Under this plan newspapers in 39 additional States will now receive full details of the State crops far more quickly than would be possible if these State crop details were put in the mails in Washington and had to travel by train long distances to the more remote States.

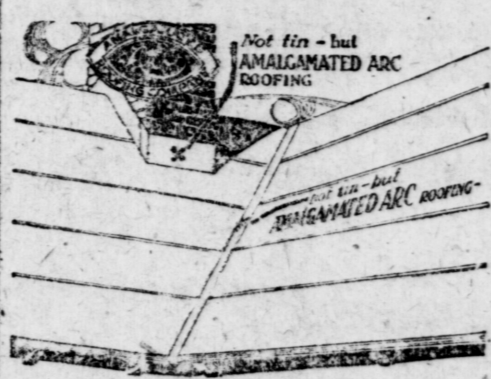

Under this plan the general summary of the crops for the United States will, as heretofore, be issued in Washington for telegraphic distribution. It has been found, however, that the conditions of crops within their particular States are of especial value to the farmers and producers, to whom the conditions in their own State are important in the marketing of their produce.

Under this plan the Department sends one telegram to the Central Weather Bureau in each State, and within a few minutes after the crop figures for the State are completed in Washington the Weather Bureau is enabled to mail copies of the figures from a central point within the State to all papers in that State.

Under the code system used, the Department is under the necessity of telegraphing only figures of previous crops for comparison are supplied to each Weather Bureau Station by mail. The cost of the telegraphing for each State does not exceed 75 cents.

The crop data thus circulated by mail to the newspapers will give: (a) a full list of the crops; (b) the average condition of each crop for ten-year periods in that particular State; (c) the condition of the State crops for November 9th. In the adjoining column will be given the same data for the United States, so that the farmers who read these notices can compare the crops in their State as of November 9th with the ten-year averages of their own State, and in the same way with the average condition throughout the United States on November 9th and for ten years. These State crop reports are not supplied to individuals, and are mailed only to editors of regular publications. The November State reports for the 39 States newly added to the list will be sent only to the daily papers, the county-seat papers, and agricultural publications. Meanwhile, the Department is preparing lists of small-town weeklies, and in December the crop reports will be sent also to the smaller papers.

France last year imported American coal valued at \$126,755.

Cat Only Living Thing on Derelict.

From a derelict ship a cat was rescued near Plymouth, England, a few days ago. H. M. S. Donegal had received orders to search for and sink the derelict Norwegian barque Blenmark. The Blenmark had been dismantled and abandoned more than a month ago. Her crew was rescued and taken to Liverpool by the steamer Dunholme. The Donegal picked up the ship 500 miles out, but finding the hull sound determined to save her. The only living thing on board the derelict was a cat, which had been driven mad by thirst and which severely bit a bluejacket who stroked it.

DEATHS

BROWN-DAVIS.
—A dispatch from Oklahoma City says: "Mayor P. P. Duffy, of El Reno, and Mrs. Olivette Hatchett Brown, of the same city, were married at the Kingsade Hotel, in this city, Wednesday. The ceremony was performed by Chief Justice J. B. Turner, of the Oklahoma Supreme Court. After an extended tour Mr. and Mrs. Duffy will be at home in El Reno. Mayor Duffy was born and reared in Paris, Bourbon county, Ky., but has been in Oklahoma for a number of years. He was for years editor and principal owner of the El Reno Democrat and has been one of the leaders of the Democratic party since statehood. He was a candidate for the Democratic nomination for Lieutenant-Governor at the last State election, but was defeated by J. J. McAlester, running second in a big bunch of entries. He has been Mayor of El Reno for a number of years."

KEEP WARM.

Call in and look at our stock of fine blankets and comforts. A beautiful line to select from, and they are the kind that will keep you warm, too. All prices and quantities.

NOTICE.

I am prepared to serve on short notice lunches for parties and dances, and make a specialty of the latter.

MRS. CARL CRAWFORD.

THANKSGIVING. SLAUGHTERING SEASON OPENED LAST FRIDAY

The season for slaughtering turkeys began Friday, when Chas. S. Brent & Bro., of this city, commenced to receive at their four shipping points—Paris, Carlisle, Millersburg and Flemingsburg. Buyers are radiating from these four centers, and are eagerly looking for the choice fockers, paying fifteen cents per pound at the pens at the several slaughtering points.

The present season has been favorable to the raising of turkeys and it is estimated that the crop is about twenty-five per cent. in excess of the usual average, but as these birds do not usually put on fat before the cold weather, they are thought to be poor at present and somewhat inferior in quality.

The firm of Chas. S. Brent & Bro., is one of the largest dealing in turkeys in Kentucky, and they annually ship from the four points mentioned a total of from 65,000 to 75,000 birds. They ship to the Eastern markets, principally Boston and other New England points.

The firm has a cold storage plant at each of the four towns named, which makes them independent of the weather, as the turkeys as soon as dressed are placed in cold storage and are shipped in refrigerator cars.

Between three and four hundred persons are employed by this firm during the slaughtering season, most of time being "pickers," the picking being done largely by women and girls, and the pens where the work is done are places of great activity during the season which is short, generally about two weeks.

The disposition of the feathers has become an important feature in the business, being shipped to dealers in New York and Cincinnati. The wing and tail feathers are used in the manufacture of feather dusters, and no doubt the other feathers are disguised and used in millinery.

Usually the bulk of the turkey crop is slaughtered for the Thanksgiving market, not more than one-third or less being held for the Christmas market.

SAVES TIME AND TROUBLE.

Building fresh fires each morning takes lots of fuel. Cole's Hot Blast Heaters save time, trouble and expense.

RELIGIOUS.

A Conference of Bourbon County's Pastors, Sunday School Superintendents and Sunday School teachers, of boys' classes, will be held in Paris, on Friday and Saturday of next week. This conference is in the interest of Bourbon County's young men. The meeting will open Friday morning at 10 o'clock at the Christian church, and Mr. Arthur N. Cotton, of New York, a man of international repute will be the principal speaker, during the entire conference.

Friday night a meeting for the boys and young men will be held under the auspices of the Paris High School Club, of the Bourbon County Young Men's Christian Association. Mr. Cotton will deliver the address for the occasion. Another session for the boys will be held Saturday morning at the School Auditorium, at 9 o'clock.

The following is the program:

FRIDAY, NOV. 14.

At 10 a. m. — Meeting of Pastors, Sunday School Superintendents and Teachers of boys' classes, at Christian church.

At 12 a. m. — Luncheon at Christian church, served by the ladies of the church.

At 1 p. m. — Conference will again convene.

At 7:30 p. m. — A meeting under the auspices of the P. H. S. Club, of Bourbon County Y. M. C. A., at Public School Auditorium.

SATURDAY, NOV. 15.

At 9 a. m. — A meeting of the boys at Public School Auditorium.

There will be two delegates for each Sunday School class of boys between the ages of twelve and twenty, from Bourbon County, and the pastors, Sunday School Superintendents and Sunday School teachers. The boys and young men of Paris are extended a cordial invitation to be present at the meeting to be held at the School building, and all others who are interested in these meetings.

THEATRICAL.

The Paris Grand.
"The Girl and the Stampede," Laugh-compelling, bright, vivacious, and above everything quaintly human, comes to the Paris Grand Saturday, Nov. 15. The popularity of the play is doubtless due to the fact that its production has never been cheapened. The original players are still in the majority in the cast. The staging of the play is, of course, excellent, as it always has been, and there can be no doubt but what "The Girl and the Stampede" has proven to be one of the most popular and best of the Western romances. Order seats now at the usual place.

The Ben Ali Theater.

Lexington is at last to have vaudeville that is vaudeville, for when you say "Keith's" in the lingo of Americans, 'tis "huff said." The management of the Ben Ali have arranged to have three days of Keith vaudeville each week, Thursday, Friday and Saturday, with daily matinees. This means that Lexington is to have the same acts that are given in Cincinnati, Louisville, Atlanta, New Orleans and the larger cities of the Central West and South.

The bill this week is an exceptionally good one, three of the acts coming directly from the Orpheum Theater, New Orleans, others from Jacksonville, Florida, and one from Louisville.

Too much cannot be said of Howard and Lawrence in their little comedy skit, "The Cigar Girl." Howard is the recognized star trick pianist of the circuit and this talent is cleverly introduced in his one act comedy.

Anna Diaz and her trained monkeys will bring joy to the hearts of the youngsters, whose favorites they are wherever they appear. Some of their antics are side-splitting.

Eva Shirley, the singing comedienne, is well worth the price of admission, introducing many new songs that have been arranged for her.

Homer Miles and company in their comedy sketch, coming direct from the Orpheum Theater at New Orleans will please without a doubt, as their sketch is entirely new and different from the usual worn out vaudeville sketch.

Willis and Hassen in their equilibrium act are marvels, their stunts making one hold their breath in wonder.

William Sisto, coming from the Orpheum, New Orleans, is one of the best monologists on the Keith circuit, which is saying a great deal.

Thursday, Friday and Saturday, with daily matinees, night prices 25c. to 75c., matinee prices 15c. to 50c. (adv)

COMPARE OUR PRICES.

You do not have to go to Lexington for Wilson natural gas heaters and Clark Jewel Gas Ranges. We have both. Compare our prices.

(24-4t) LOWRY & TALBOTT.

MATRIMONIAL.

BENTON-BATTAILE

An interesting event in Winchester society is the approaching wedding of Miss Sarah Goodloe Benton, of Winchester, to Mr. Willis Battaile, of Clark county. It is to be celebrated on the evening of November 26, at the home of Judge and Mrs. Jas. M. Benton.

Mrs. Withers Davis, of Paris, will be the matron of honor. Mr. Curran Benton, of Detroit, Mich., a brother of the bridegroom, is to be the best man. Miss Katherine Headley, of Lexington, will be the maid of honor. Miss Martha VanMeter, Miss Katherine Nelson and Miss Merrie Reese, of Winchester, and Miss Mary Barrett Smith, of Richmond, bridesmaids; Mr. Charley Dudley, Mr. William Duty and Mr. Thompson Betts, of Winchester, and Mr. William Evans, of Richmond, groomsmen.

ROBINSON-FRANCIS

News has been received here of the marriage of Mrs. Nina Robinson Ater to Mr. David R. Francis, both of St. Louis, which was celebrated on last Thursday.

The bride is the widow of the late Mr. William Ater. She is charming and attractive and has visited in the Blue Grass. Mr. Francis is the son of Governor Francis, ex-Governor of Missouri, and is prominent socially and in the business world.

Both are members of the state's most aristocratic and wealthiest families and their marriage is of much interest. Mr. Francis has many relatives in this and Madison counties.

A marriage license was issued Saturday to Mr. William McCarthy and Miss Margaret Tate.

WILL SAVE YOU MONEY.

Don't fail to read our advertisement on page one of this issue. We will save you money on groceries. Bring the cash to our store and get more than you can elsewhere. Read our prices.

(10-11) T. C. LINEHAN.

FOR THE COOL WEATHER.

To be absolutely comfortable these cold days while out riding you should be supplied with one of our foot-warmers and one of those beautiful buggy robes we are showing. Also a fine line of horse blankets.

(7-4t) LAVIN & CONNELL.

MUSICAL FESTIVAL MAY LEAD TO ONE IN SPRING.

Attention is called to the display advertisement in another part of this issue, explaining in detail the approaching musical festival. It is well worthy of careful consideration. The success of this festival means a great deal to Paris. There is no doubt but that a spring musical festival will result from this one.

QUALIFIED.

It has been said of women that few of them can resist anything having a family resemblance to a bargain, but a young woman of independent means living in the Northeast district has reached the extremity of bargain-grabbing. Her habits along this line have long been a joke among those who know her, and when she attended her club meeting recently the others began to twit her about it.

"But I certainly found a bargain yesterday, girls," she said with an air of satisfaction, and they all wanted to know all about it right away.

"Well," she told them eagerly, "went down to attend a suit sale I read of in the paper, and I was passing a place on Main street where they sell monuments, and they were all marked down, and I bought the loveliest granite monument you ever saw for \$50, and it is worth three times that much if it is worth a cent."

STOCK AND FARM NOTES

—Mr. Thos. McClintock, of Millersburg, sold to Caywood & McClintock, of Paris, Friday, 11 head of mules at a fancy price.

—George W. Murphy, of Newtown, Scott county, got the banner price for a pair of mules which he sold to John Mosely, of Virginia, receiving \$500 for them. The mules are light bay, six-year-olds, perfectly matched, weight 2,135 pounds, and are fifteen hands, one and one-half inches high.

TO NATURAL GAS USERS.

We are local agents for the Favorite natural gas heaters and ranges. They are the best on the market, and the prices less than inferior goods.

—Mrs. Harry Simon left Saturday for Chicago.

—Mrs. F. P. Kiser visited in Winchester last week.

—Mrs. A. W. Cottingham was the guest last week of Mrs. J. C. Bishop, in Winchester.

—Mrs. John Connell has returned from a visit to her sister, Mrs. John Brennan, near Mayslick.

—Mrs. William Merricks, of Falmouth, is the guest of her mother, Mrs. Buchanan, in this city.

—Mrs. Frank Farmer, of Jackson, Ky., is here for a visit to her parents, Mr. and Mrs. J. W. Earlywine.

—Mrs. D. C. McNamara, of Arlington, Mass., is the guest of Mr. and Mrs. Robert Langston and family.

—Mrs. Harry Chambers, of Louisville, is here for a visit to her father, Judge Harry Brent, and other relatives.

—Mr. D. C. Parrish was called to Pittsburg Sunday on account of the serious illness of his daughter, Mrs. J. R. Andrews.

—Mr. and Mrs. A. L. Burley leave this morning for Winchester, Mt. Sterling and Olive Hill for a two weeks' visit.

—Mr. George R. Bell entertained a number of friends at a birthday dinner Thursday evening, at his home on Duncan avenue.

—Miss Gazena Thomas has returned to her home in M. Sterling, after a visit of several months to her aunt, Miss M. P. Visscher, in this city.

—Mrs. Charlton Alexander has returned from Versailles, where she has been at the bedside of her mother, Mrs. Ball, who has been quite ill, but is now improving.

—Helen Louise Frank and Robert Bowen Frank, the bright twin children of Mr. and Mrs. Robert L. Frank, entertained a number of their young friends Thursday evening in honor of their tenth birthday.

—Mr. and Mrs. Thos. H. Jones, of Lucerne, Mo., are the guests this week at the home of Mr. and Mrs. Harry Ogle, on Cypress street. Mr. and Mrs. Jones will leave Saturday for Chicago for a short visit before returning to their home.

—Dr. Milton Stern, of New York, arrived in the city Saturday from New York, where he has been located several months in the practice of his profession. Dr. Stern who is a son of Mr. J. A. Stern, of this city, contemplates the opening of an office in this city.

—Prof. J. A. Sharon, Superintendent of the Newport public schools, was a visitor in Paris Saturday, the guest of friends. Prof. Sharon, who was formerly at the head of the Paris public schools, has eight schools in the city of Newport under his supervision, and reports each of them to be in a flourishing condition.

—Handsome engraved invitations have been received by a number of local Masons as follows:

Lexington Lodge Number One Free and Accepted Masons request the honor of your presence at its

One Hundred and Twenty-Fifth Anniversary Celebration to be held at Lexington, Ky., Monday, November the Seventeenth, Nineteen hundred and thirteen.

Jess Rozzell, W. M. John W. Lancaster, Sec'y

—The Lexington Leader says: "Mr. and Mrs. Charles Berryman entertained at Elmendorf Saturday evening with an informal buffet supper and dance for about twenty of their friends. The table had beautiful decorations of flowers and an elaborate menu was served."

"Among the guests were: Mr. and Mrs. George Hunt, Mr. and Mrs. Edward L. Hutchison, Mr. and Mrs. Nathan Elliott, Mr. and Mrs. Clarence LeBus, Mr. and Mrs. J. N. Camden, of Spring Hill; Mr. and Mrs. Thomas McDowell, Mr. and Mrs. Clay Goodloe, Mrs. George Delano, of Fall River, Massachusetts; Mr. and Mrs. Andrew Leonard, Mr. and Mrs. Howard McCorkle, General and Mrs. Roger Williams, Miss Isabel Clay, Miss Wilhelmina Goodloe, Miss Mary Mason Brown, Miss Kate Alexander, of Paris; Mr. Isaac Leonard, Mr. Garland Barr, Mr. John Payne, Mr. Henry Duncan, Mr. Brownell Combs, Mr. Lucas Combs."

—Mrs. Calla Thomas Nichols entertained with a pretty auction bridge party at her home on West Eighth street Saturday afternoon. There were four tables of players. For the highest score Miss Kate Alexander received the prize, an exquisite hand-trimmed collar. After the games a delightful luncheon was served on the card tables. The guests present were Mesdames Hugh Worthington, William Remington, Joseph M. Hall, Carrie Wilmoth, Withers Davis, Fayette Ardery, Thomas Buckner, Henry May, and W. G. McClintock; Misses Rachel Wiggins, Mary Fithian Hutchcraft, Kate Alexander, Elizabeth Embry and Nancy Griffith.

Mrs. Nichols also entertained a few friends Thursday afternoon at the home of her parents, Mr. and Mrs. J. W. Thomas, with a three-course luncheon. In the parlor where Mrs. Nichols received her guests red chrysanthemums were used with pretty effect while in the dining room yellow and white chrysanthemums were used for the decorations. Mrs. Nichols was assisted in entertaining by her mother and Mrs. Thomas Helm Clay. Those present were Mesdames Ford Brent, Charles May, Walter Kenney, F. P. Lowry, Buckner Woodford, Jr., and Mrs. Ollie Dickson of North Middletown; Misses Sallie Lockhart, Mary Clay, Mary Woodford, and Marie Talbot.

—One of the pretty events of the season was the german given Friday evening at the Elks' Hall. The dance hall was decorated artistically in green, ferns and smilax being used with pretty effect.

Twenty-five couples participated in the dance, the grand march being led by Mr. and Mrs. Sidney G. Clay, who introduced a large number of new and pretty figures.

The favored couples were Miss Mazie Purcell, Lexington, and Mr. Stanhope Wiedemann; Miss Elizabeth Steele, Mr. Robert Burman, Richmond; Miss Mr. and Mrs. William Kenney Fergus-

son, Miss Anne Howard Harbeson, Lexington and Mr. Charlton Clay, Miss Mary Leonard Cassell and Mr. Edward Stoll, of Lexington.

The music for the occasion was furnished by the Wright Saxophone Trio of Lexington.

During the intermission a delightful supper was served at Stout's Cafe. Those attending were: Miss Carolyn Roseberry and Mr. Hugh Ferguson; Mr. and Mrs. William Kenney Ferguson; Miss Elizabeth Steele and Mr. Robert Burman, Richmond; Miss Mazie Purcell and Mr. Stanhope Wiedemann; Mr. and Mrs. Edward Friedland; Mr. and Mrs. Amos Turner, Jr.; Miss Francis Clay and Mr. Holt Daniel; Miss Mary Mitchell Clay and Mr. Reuben Hutchcraft; Mr. and Mrs. Clarence Kenney; Dr. and Mrs. M. H. Dailey; Mr. and Mrs. Jos. M. Hall; Mr. and Mrs. Miller Ward; Mr. and Mrs. J. S. Roberts; Mr. and Mrs. W. C. Ferguson; Miss Mary Clay and Mr. James Buckner; Miss Mary Woodford and Mr. James Dodge; Miss Rachel Wiggins and Dr. C. G. Daugherty; Mr. and Mrs. Sidney G. Clay; Miss Elizabeth Crutcher and Mr. Harry Horton, Miss Mary Leonard Cassell and Mr. Edward Stoll; Miss Anne Howard Harbeson and Mr. Charlton Clay; Mr. and Mrs. White Varden; Messrs. Harmon Turner, Jack Lisle and Smith Hayes, of Winchester.

MOOSE HOLD SOCIAL AT LAST REGULAR MEETING

The members of the local lodge of Moose and a few of invited guests enjoyed a delightful evening last Thursday, at their regular meeting at the Moose hall in the Tucker Building.

A social hour was enjoyed during which a lunch of substantial was served and using the evening dancing was enjoyed. This was the first of a series of entertainment the Moose will give during the winter.

A Carelessly Treated Cold

is the source of most sickness because drugged pills, syrups and alcoholic mixtures are uncertain and unsafe.

Scott's Emulsion has been relied upon by physicians for forty years as the safe and sensible remedy to suppress the cold and build up the enfeebled forces to avert throat and lung troubles.

Don't tolerate alcoholic substitutes, but insist on the **Genuine Scott's Emulsion**. One bottle usually lasts longer than a cold. Every druggist has it. 13 75

The American Adding Machine

The Latest Adder

Costs But \$35

See our exhibit—ask for

10 days' trial.

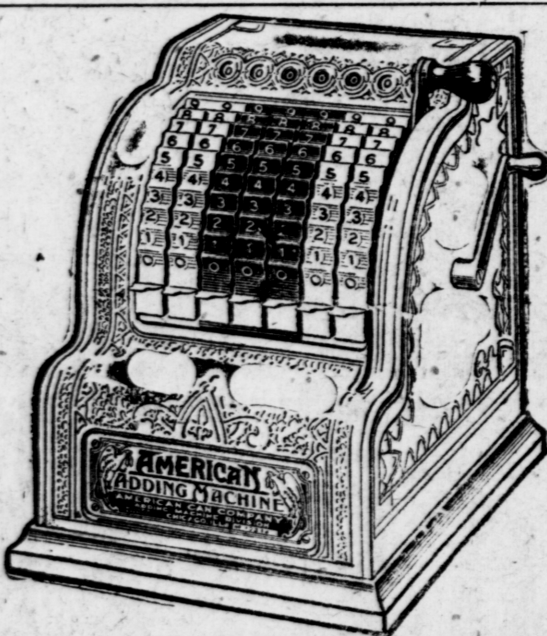

Here is a new price on a competent Adder. On a machine that is rapid, full size and infallible. The very latest machine, built by men who know how, in one of the largest metal-working shops. It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine, requiring skilled operators.

The price is due to utter simplicity, and to our enormous output. Seven keys do all the work.

Each copied number is shown up for checking before the addition is made.

The machine will add, subtract and multiply. With very slight practice anyone can compute a hundred figures a minute. And the machine never makes mistakes.

Countless offices, large and small, are getting from these machines the highest class of service.

Now we make this offer so that offices everywhere may learn what this machine means to them.

10 Days' Test

We will gladly place in any office one American Adder for a ten-days' test.

There will be no obligation, and charges will be prepaid.

Compare it with any non-lister-even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send us this coupon and we'll send the machine.

Please send us an American Adding Machine for ten days' free trial.

POULTRY NOTES.

To secure a merit badge in forestry, boy scouts are required, among other things, to identify 25 kinds of trees.

One of the principal by-products of the national forestry of Japan is furnished by mushrooms, which have yielded in one year a revenue of a million dollars.

Articles of clothing from wood fiber are being made in Europe. The material for a suit costs about fifty cents. Clothing made of this material, however, can not be washed.

One of the largest and most valuable timber trees of the country is the tulip tree, known to lumbermen as yellow poplar. It is related to the magnolias, but is the only tree of its kind in the world.

The largest tree in the United States is said to be the "Mother of the Forest," a giant redwood in the Calaveras big tree grove in California. It is supposed to contain 140,619 board feet of lumber. There are, however, many claimants for the honor of being the "largest tree" and the "oldest tree," and these claims, according to foresters, can not always be verified.

Rio de Janeiro is building a hotel that will be, when finished in 1915, one of the finest in the world. It will have 500 rooms.

Edward G. Atcheson, whose discoveries with the electrical furnace have been of immense value to the industrial world, has been given an important decoration by the Czar.

NO DANGER

Of Moving Pictures Destroying the Drama.

In the November Woman's Home Companion, Daniel Frohman, one of the most famous theatrical managers in America, writes an interesting article entitled "The Movies" and the Theatre," in which he discusses the question: Will moving pictures hurt the drama? In the course of his article Mr. Frohman makes clear his opinion that moving pictures are not going to hurt the theatre, but help it. He says in part:

"I believe the moving pictures will be one of the agents by which people will be brought back to the theatre. For a time, perhaps, the galleries are being emptied, and most assuredly for a time such a condition is going to hurt the theatres, for a large part of the theatre's profit is in the gallery. But it is only a passing phase.

"The theatre is always going to stand as firm as a rock. Madame Sarah Bernhardt, who is an enthusiast about the moving picture, said to me not long ago that the supreme human value of the stage, the very question of warm personality, with which the mechanical can never compete, will always bring the pendulum swinging back in favor of the theatre.

"There is much to be said for an amusement which a poor man can have for ten cents. But that is no reason why the galleries of our theatres at the present time are empty. As a theatre manager of some experience, I have never yet found the question of price debated as reason for empty seats when the play was really wanted. Our galleries are largely empty because the people are not getting the plays they want. What the average theatregoer has always objected to was paying a disproportionate price for a poor seat and a poor play together, when for ten or twenty-five cents he could sit down-stairs in a moving picture house and get something he may be really interested in."

A NIGHT OF TERROR

Few nights are more terrible than that of a child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup, and has never been known to fail. Keep it at hand. For sale by all dealers. (adv)

STOCK AND FARM NOTES

Woodford Clay's yearling colt by Star Shoot, dam Banter, by Handspring, died Friday at the Kentucky Association track, in Lexington, of fever.

The Winchester Democrat says: "Chas. Swift sold to Eli Dooley Saturday, nine 800 pound cattle at \$6.70 per cwt. He bought of Geo. Lewis, twenty-seven 640 pound heifers, at \$5.75.

"C. M. Rose & Co. bought last week from A. T. Tucker thirty 160 pound hogs for \$7.00, also from J. W. Crews thirty 130 pound hogs for \$6.25.

"Howard S. Wilson bought of different parties in this county for Marcus Prewitt, of Montgomery, a double deck of hogs which cost from 6.34 to 7.12 cents, and shipped them to Richmond, Va."

The 65,000 apples presented to the Hardin county fruit growers by the State Agricultural Department, for an experimental orchard, have been distributed at the High School campus, in Elizabethtown, where they temporarily planted last spring.

The trees are being distributed by the Hardin County Fruit Growers' Association, which has charge of the trees and will sell the fruit by the loads when the trees begin to bear. The State Agricultural Department will furnish a horticultural expert without cost to superintend the cultivation, pruning and spraying of the trees for the next five years. The Muldraugh Hill plateau is the best fruit-growing section of the State, and the output of the orchard is expected to be extra good in quality and large in quantity.

MILLIONS ANNUALLY

Rodents Cost Farmers Vast Sums Each Year.

B. F. W. Thrope, of the staff of Farm and Fireside, the national farm paper published at Springfield, Ohio, contributes to the current issues of that periodical a most interesting article on grain-saving cribs, bins and granaries. He shows how rat-proof store houses of ample capacity can be provided at low cost. On the subject of the number of rats in our country and the amount of damage they do, Mr. Thrope presents the following facts as a sort of introduction to the specific suggestions he gives as to how to build rat-proof receptacles for grain:

"Uncle Sam has never attempted a reliable rat census, but, taking the country over, we no doubt have a rat population of twice or thrice the hundred-million mark.

"Some of our expert figuring sharps have arrived at the conclusion of different processes of reasoning that a round hundred million dollars' worth of grain is destroyed annually by rats. This tidy sum is approximately sufficient to feed and clothe a hen for each man, woman and child of our republic and outlaying territory. To put it differently, each family of five could keep a flock of five hens in place of its allotment of a dozen rats. The five hens, with the good care usually accorded the small flock, could be counted on to furnish fifty dozen strictly fresh eggs for the home larder annually.

"Let me put this big financial proposition still differently. Two or three hundred million chicken-killing, disease-carrying rats cost us an annual grain-tax of five dollars a family. If exterminated and their living turned over to a half or a third as many productive hens, each family, instead of a five-dollar tax, would have an eighteen-dollar income. This would be equal to a credit balance of \$360,000,000 for the nation. It looks as if our rats have something of a corner on grain, doesn't it?

"Our rat population will thrive and multiply just as long as we continue to harbor and feed them in ramshackle cribs and granaries and furnish them haunts under wood-floored buildings, junk-piles and other secluded hiding places in which to multiply.

"Concrete floor and foundation walls and supports of the same material or of solid masonry, together with metal or wire-screen lined bins and cribs, will solve the rat problem. Keep the rat in the open, bar his grain-supply, and he will be down and out."

TONIGHT.

Tonight, if you feel dull and stupid, or bilious and constipated, take a dose of Chamberlain's Tablets and you will feel all right tomorrow. For sale by all dealers. (adv)

Nov.

HIS TURN TO RING

(Atlanta Constitution.) He was not a very rapid wooer, and she was getting a bit anxious. A persistent ring came at the front door.

"Oh, brother!" she said. "Who can be calling?"

"Say you're out," he suggested.

"Oh, no, that would be untrue," she protested.

"Then say you are engaged," he urged.

"Oh, may I, Charlie?" she cried as she fell into his arms.

And the man kept right on ringing the door bell.

SOLE AGENTS.

We are sole agents for the celebrated Wilson natural gas heaters. Nothing better and our prices are all right. Come in and see them. (24-4t) LOWRY & TALBOTT.

NEW RATES FOR THE FIRE INSURANCE.

The State Insurance Board Friday adopted a schedule of fire insurance rates for buildings used for various industries of the tobacco business to become effective December 1. The general reduction of the present rates on loose leaf warehouses is 35 per cent.; on storage warehouses, 30 per cent.; and on their contents 25 per cent.; on frame stemmeries and rehandling houses, 10 per cent. and on brick stemmeries and rehandling houses 25 per cent.

Basis rates on each \$100 value of the brick buildings were reduced as follows: Storage houses and loose leaf houses, \$1 to 75 cents; pricing and rehandling houses and stemmeries, \$1.75 to \$1.50, and drying houses \$2 to \$1.75. To this rate 40 cents, instead of 50 cents, is added for frame construction, and 15 cents, instead of 25 cents, for iron-clad construction on a wood skeleton; 5 cents, instead of 10 cents, for wood foundation, and the change for brick-pier foundation is abolished. Excess charge over the standard area charge is cut from 3 cent to 2 cents for each 2,500 square feet in loose leaf warehouses, and no charge is made for area unless the building is over 25,000 square feet, the excess charge being formerly 10,000 square feet, charge for warehouse over three stories high is abolished, except in unprotected towns.

The board will fix the charge, instead of the companies, for unsafe arrangements of boilers, flues, electric fixtures or any other undesirable conditions of the buildings and direct the changes desired. The system of the cumulative exposure charge is abolished, even in unprotected towns. Hereafter the rates have been the same on buildings as their contents, but on account of the nature of tobacco and its susceptibility to damage by smoke and water as well as fire the board decided that rates on brick buildings in protected cities should be lower than on the tobacco, and the rates on buildings were reduced 20 per cent. and on their contents 20 per cent. Further reductions are made for buildings equipped with standpipes and chemical extinguishers.

Sickness Comes With Cold Floors

A cold house in the morning.

The children whimpering and chilly.

Next thing—the doctor.

RECORD SMASHING

Are Some Entries To The Chicago
Stock Exchange.

Entries vastly exceeding in number
any list heretofore compiled indicate
growing interest in the International
Live Stock Exposition, which occurs
this year at Chicago, Nov. 29th to
Dec. 6th. No such list of exhibits has
ever before been prepared, nor for
that matter have the live stock pro-
ducers of the North American conti-
nent previously manifested such con-
cern in the future of that industry.
Every department of the exposition
will be full; interest being manifested
alike in horses, cattle, hogs and
sheep.

The spectacular side of the expo-
sition will be as prominent as the prac-
tical. A series of evening attractions
of unique character have been pre-
pared and there will be no lack of en-
tertainment to maintain the essential
equilibrium. Equipoise has always
been a characteristic of the "Internat-
ional," and the management intends
to attain the standard of perfection
in every department on this occasion.

Interest in the draft horse, instead
of waning is growing and the nightly
horse fair will excel even the superb
equine display of former years.

In swine and sheep the breeders of
the United States and Canada promise
to eclipse all previous efforts. Wis-
consin and Ontario, as usual, will
make a steller display, and the West-
ern grower will again demonstrate the
merit of range product.

Current and threatened beef scarci-
ty renders the fat cattle display of
more than usual interest this year.

That the beef industry is "coming
back" will be effectively demonstrated
and feeders will be furnished with nu-
merous object lessons on the subject
of economy in production. In other
words, the master feeders of the coun-
try will show and tell how they do it.

If you miss the 1912 International
Live Stock Exposition you will be the
loser.

DECLARE WAR ON COLDS

A crusade of education which aims
that common colds may become un-
common within the next generation,
has been begun by New York physi-
cians. Here is a list of "don'ts" that
the doctors say will prevent the an-
nual visitation of the cold:

- "Don't sit in a draughty car."
- "Don't sleep in hot rooms."
- "Don't avoid the fresh air."
- "Don't stuff yourself at meal time."
- "Overeating reduces your resistance."
- "To which we would add—when you
take a cold get rid of it as soon as
possible. To accomplish that you
will find Chamberlain's Cough Rem-
edy most excellent. Sold by all deal-
ers."

Nov.

DEPENDS ON THE TEACHER

Silicis—I believe that any man, no
matter how diffident he may be, can
learn to make love.

Cynicus—Undoubtedly, if the girl
makes the lessons easy enough.

When Paris, France, adopted Green-
wich time not long ago an electric
light station was caused to gain \$20,
000 a year, according to an estimate.
The reason lies in a difference of time
of burning electric lamps. Greenwich
time of 5 o'clock corresponds to 3:10
Paris time, for instance. Lamps are
turned on according to the amount of
daylight, but offices close at a fixed
hour. Should an office close at 6
o'clock, it is evident that the lamps
will have burned ten minutes longer,
owing to the change over to Green-
wich time. The extra amount of cur-
rent is naturally paid for by the user.

JUDGE TRACY RULES IN BURLEY ELECTION.

A conference continuing through-
out Friday morning was held at the
office of Allen & Duncan, in Lexing-
ton, between Judge F. M. Tracy and
the attorneys interested in the Burley
Tobacco Company election, which
was begun on Thursday afternoon.

In addition to Col. John R. Allen
and Henry T. Duncan, Jr., the pres-
ent administration of the company was
represented by D. L. Pendleton,
of Winchester, and R. C. Simmons, of
Covington. The opposition was rep-
resented by John T. Vest and J. G.
Tomlin, of Walton.

A number of questions were sub-
mitted to Judge Tracy for his ruling
in the conduct of the election which
is for the selection of a board of di-
rectors of the Burley Tobacco Company,
the directors of the Burley Tobacco
Society now acting in that capacity.

The rulings were made as of the
Kenton Circuit Court, and were as
follows:

"No stock can be voted except by
persons, or their proxies, who were
the owners recorded on the books of
the company on October 7. This rul-
ing means that purchasers of stock
since that date must not only be in
possession of the certificates with the
endorsement showing the transfer,
but must also hold the proxy of the
person in whose name the stock ap-
peared on the company records Octo-
ber 7."

The names of all persons claiming
the right to vote in person, were tak-
en at the meeting Thursday. They
ruled that should other persons who
were not at the meeting Thursday,
appear at the election on Tuesday and
established the right to vote stock,
they shall be permitted to do so.

The question as to whether proxies
given to any one of the numerous
county committees, may be revoked,
was not passed upon by the court.

The question as to how stock shall
be voted, when held by a committee
of more than two persons in the
event of a disagreement among the
members of the committee was not
passed upon. In some cases proxies
are held by committees of three, and
the question is still open as to wheth-
er two members of the committee can
vote the stock represented by the
whole committee.

The election will take place Tues-
day.

NERVOUS DYSPEPSIA GAS OR INDIGESTION

"Pape's Peppin" Settles Sour, Upset
Stomachs in Five Minutes.

Time it! Pape's Diapiespin will di-
gest anything you eat and overcome
a sour, gassy or out of order stomach
surely within five minutes.

If your meals don't fit comfortably,
or what you eat lies like a lump of
lead in your stomach, or if you have
heartburn, that is a sign of indiges-
tion.

Get from your pharmacist a fifty-
cent case of Pape's Diapiespin and
take a dose just as soon as you can.
There will be no sour risings, no
belching of undigested food mixed
with acid, no stomach gas or heart-
burn, fullness or heavy feeling in the
head, dizziness or intestinal griping,
aches, dizziness or intestinal griping.
This will all go, and, besides, there
will be no sour food left over in the
stomach to poison your breath with
nauseous odors.

Pape's Diapiespin is a certain cure
for out of order stomachs, because it
takes hold of your food and digests
it just the same as if your stomach
wasn't there.

Relief in five minutes from all
stomach misery is waiting for you at
any drug store.

These large fifty-cent cases contain
enough "Pape's Diapiespin" to keep
the entire family free from stomach
disorders and indigestion for many
months. It belongs in your home.

QUARANTINED.

About Thirty Families in Winchester
Are Included in Order.

The most sweeping quarantine ever
made in Winchester was issued Fri-
day by Health Officer I. H. Browne,
when he placed under quarantine all
the residents on Hill street, between
Pendleton street and Mutual avenue.
About thirty families, mostly those of
laborers, are included in the territory.

The order from the Health Board
means that the residents of the terri-
tory must not go out of their yards un-
til the ban is lifted. The other people
of the city are notified that measles
and smallpox have broken out in that
territory and are warned to stay away.

TIREDOUT, NERVOUS AND DISCOURAGED

Tona Vita Will Bring Back Strength
and Ambition Almost at Once.

No time like the present to get well.
If you are run down, with little
strength or ambition, don't put off do-
ing something about it another day.
You owe it to your family, your
friends and yourself to throw off this
dull, dragging, nervous condition.

Tona Vita is what your system
needs. This great medicine is now
recognized as the National Tonic
and is endorsed by physicians gener-
ally.

Tona Vita will build you up in a
few weeks' time. Don't be nervous,
depressed, half sick a day longer.
Get it today. If you have lost flesh
weigh yourself after taking it a week.
You will be astonished by the weight
you have gained.

Tona Vita is sold by Chas. E. But-
ler & Co. (adv)

HEIR TO FORTUNE

Is Railroad Engineer Who Resides in
Paducah.

Located through a newspaper arti-
cle and the sharp eye of a mail clerk
who rented him a postoffice box, Al-
bert Shelton, of Paducah, a railroad
engineer, has received the information
left there by a New York detective
that he is the sole heir of Albert
White, his uncle, a Canadian brewer,
living in London, Ontario, and posses-
sed of no other relatives. Shelton knew
of the uncle, but had never seen him.
White has no other relatives. He is
an aged man and reputed to be worth
fifty millions at a rough estimate.
Shelton got into telephone communi-
cation with the people looking for him,
and will depart this week for Canada
and his "fairy tale" uncle.

An association of English poultry-
men who send about two hundred
thousand eggs to London each week
are candling them with X-rays.

HERO OF TWO WARS

Able To See Statute of Himself—Lou-
isville Citizens Honor Castleman.

With the unveiling Saturday in Lou-
isville of a statue of General John
Breckinridge Castleman, veteran of
two wars and long a leading citizen
of Kentucky, the residents of Lou-
isville paid unique honor to him.

Ceremonies, attended by thousands
of his fellow citizens, were staged be-
side the statue, which occupies a com-
manding position at the entrance to
Cherokee Park.

The statue, one of the few ever
erected to a person during his lifetime,
is of bronze and shows General Cast-
leman in civilian garb, seated on his fa-
mous black mare Caroline. The
sculptor is R. Hinton Perry, of New
York.

The Lieutenant Governor, the May-
or and several other public men spoke
at the exercises and a letter from
Henry Watterson, whose absence in
Europe prevented him from deliver-
ing the principal address, was read.

General Castleman was a Major un-
der Morgan in the Civil War and
headed an expedition which sought
the delivery of Confederate prisoners
in Illinois and Indiana, but was cap-
tured. The parole given him was re-
voked by former President Johnson
and he lived for a time abroad. He
volunteered for service in the war
with Spain and was discharged as a
Brigadier General, declining an ap-
pointment of the same rank in the reg-
ular army, tendered by former Pres-
ident McKinley.

For years he has served, except
during occasional Republican municip-
al administrations, as President of
Louisville's Board of Park Commis-
sioners. He is credited with having
done more to give Louisville its splen-
did system of parks than any other
person.

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffer-
ing the frightful itch, the raw scor-
ching pain of skin disease, have been
soothed to sleep by a soothing fluid
washed in by the nurse's hands?

That fluid is the famous D. D. D.
prescription for eczema.

THE SUPERVISING NURSE of one
of our prominent Catholic institutions
(name of nurse and institution on ap-
plication), writes regarding a patient.
"The disease had eaten her eyebrows
away. Her nose and lips had become
disfigured. Since the use of D. D. D.
her eyebrows are growing, her nose
and face have assumed their natural
expression."

How many eczema sufferers are pay-
ing their doctors for regular treat-
ment and are being treated with this
same soothing, healing fluid?

DR. GEO. T. RICHARDSON frankly
C. E. BUTLER & CO.

writes "D. D. D. is superior to any-
thing I have ever found. Soft, cool,
soothing, yet a powerful agent."

To do the work, D. D. D. Prescrip-
tion must be applied according to
directions given in the pamphlet
around every bottle. Follow these di-
rections—and see!

And it certainly takes away the itch
at once—the moment the liquid is ap-
plied. The skin is soothed—calmed—
so thoroughly refreshed—delightfully
cooled.

All druggists of standing have the
famous specific as well as the efficient
D. D. D. Skin Soap.

But we are so confident of the mer-
its of this prescription that we will
refund the purchase price of the full
size bottle if it fails to relieve
your case. You alone are to judge.

HOG KILLING.

I am prepared to butcher your hogs
and render your lard, at reasonable
prices.

A goose, twenty-five years old,
owned by Hezekiah Sent, Klapbord-
schettel, York county, is still laying
as many eggs as any other member of
the flock. Except the loss of one
eye, sustained some years ago, the
venerable fowl is as sound as any
goose could be.

NERVOUS AND SICK HEADACHES

Torpid liver, constipated bowels and
disordered stomach are the causes of
these headaches. Take Dr. King's
New Life Pills, and you will be sur-
prised how quickly you will get relief.
They stimulate the different organs
to do their work properly. No better
regulator for the liver and bowels.
Take 25c. and invest in a box today.
At all druggists or by mail, H. E.
Bucklen & Co., Philadelphia and St.
Louis.

CUCKOO BIRD WORSE THAN PORCH-CLIMBER.

This is the season and almost the
hour of the cuckoo in England, for it
sounds in British ears the earliest note
of spring. In that harsh and inhosp-
itable climate men at this season list-
en for the note, as soldiers besieged
listen for the coming of troops to the
rescue. Should any man to-morrow
catch the coveted sound in the remotest
district he would hurry a tele-
graphic dispatch to some great paper
in London, announcing the fact. And
happy would that journal be to fore-
tell the rest in heralding the good
news. It means so much to the Eng-
lishman to have the winter over and
gone, one cannot wonder at the inter-
est felt by all classes in the arrival of
this bird, a sure and unfailing bar-
bering of spring. But woe betide the
man that makes a hoax of the matter.
Some weeks ago an evening paper
published in London the coveted an-
nouncement which was copied into all
the leading papers next morning. In-
stantly the Balkan War was forgotten
and all else laid aside for the nonce,
while London became two great camps
debating pro and con the question
whether or not the report could be
true.

The bird arrives in a hurry, arrang-
es the matter of its errand in a hurry,
can be detained but a short time and
is soon off again to climes further
north. The same hurried movements
there take place, and before the mid-
dle of August this messenger from the
far South has returned to England and
even started on its migration to its
distant winter home—never to be seen
again till the following spring.

What of its nestings? Well may
the question be put, for they have
been left behind to follow as best they
can. All the reproachful things are
true to the letter that have been said
about this bird, though not of its cus-
tom on this side of the water. Cuckoos
do not mate; they have no homes,
build no nests, are never seen in
pairs, hatch no eggs, rear no fledg-
lings, but contrive to have these ser-
vices rendered by others with a shrew-
ness almost beyond belief. Nothing
could induce the mother bird to risk
being caught upon another bird's nest.
She selects always the nest of a bird
much smaller than herself, lays an egg
upon the ground enormously small for
a bird so large, takes it in her bill and
secretly conveys it to the nest she has
chosen. If the eggs in the nest are
too numerous she will not hesitate to
remove as many as she likes. She
knows, too, what her offsprings will do
the moment it is out of its shell. Not
only is it larger and stronger than the
rest, but seems restless till it has
ejected all of them from the nest. Its
back is hollowed between the should-
ers for this purpose. It can work un-
der an unhatched egg or a fellow nest-
ling, lift the egg or bird to the edge
of the nest, and by a peculiar jerk
send the burden off its back tumbling
to the ground. Left alone in the
foster home it has a little food, waxes
strong and a little later will follow its
mother southward.

For Sale Privately! Two Small Farms

No. 1—My farm on the Georgetown
pike, adjoining the city limits of Pa-
ris, containing about 192 acres, subject
to survey. This farm would make an
ideal place for a dairy and truck
garden farm, being less than one-half
mile from Main street, and has a 1/2
mile frontage on Eighth street and
Georgetown pike. There is on the
place a four-room cottage in good
condition, cistern, dairy, corn crib and
other outbuildings, also a new 10-acre
tobacco barn which can easily be
used for a stock barn.

No. 2—Three and one-half acres on
Garo street, in the city of Paris,
with a good 3-room house and good
barn on it. This place has been used
as a truck garden for a number of
years, and offers a good chance for a
cheap home or investment.

Possession given March 1, 1913.

NEWS OF MILLERSBURG

—Mr. D. P. Jones is in Cincinnati on business.

—Miss Elizabeth Ingels was in Lexington, Friday.

—Mrs. Y. L. Marshall was in Lexington, Friday.

—Mrs. W. V. Huffman is visiting relatives at Paris.

—Mr. Aaron McConnell is in Cincinnati on business.

—Mr. Joel W. Cook has returned from a business trip to Ashland.

—Mrs. Nettie Gardner, of Paris, is the guest of her daughter, Mrs. E. B. Taylor.

—Mr. Albert Naught, of Parker, Ind., was the guest of Miss Belle Taylor, Friday.

—Mr. R. L. Tarr and family left Thursday for a visit to relatives at Olathe, Kans.

—Miss Lillie Letton, of the M. F. C., visited her home to Moorefield from Friday until Monday.

—Mrs. E. V. Price and little son, of Shawhan, was the guest of Mrs. Russell Mitchell, Friday.

—Messames J. B. Cray and daughter, Mrs. J. Clarke Lee, Jr., visited relatives in Carlisle, Friday.

—Mrs. Martha Baldwin, of Maysville, arrived Saturday as the guest of her daughter, Mrs. E. H. Kerr.

—Mr. and Mrs. R. O. Chambers, of Paris, were guests of their son and daughter, Mr. and Mrs. R. M. Johnson.

—Mr. and Mrs. John Canady have

moved from their farm on the Maysville pike to Paris. Mr. J. T. Parrin and family moved Thursday from the property of Mrs. G. F. Jones, on Vermont street to the farm of Mr. J. W. Canady, on the Maysville pike. Mr. and Mrs. Commodore Grinnell moved the same day from the property of Misses Griffith, on South Main street, to Paris.

—Mr. H. B. Miller left Friday for his home at Atlanta, Ga., after a protracted visit to his brother, Dr. W. M. Miller, and family.

—Mrs. M. E. McEppell left Saturday for her home at Maysville, after spending a week with Dr. F. A. Herbert and wife.

—Mrs. Elizabeth Taylor has returned to her home at Piqua after a visit of several weeks to her son, Mr. E. B. Taylor, and family.

—Rev. J. D. Redd, of the Methodist church, and Dr. C. C. Fisher, of the M. F. C., left Monday for the Ant-Saloon League convention at Columbus, O.

—Dr. McClymonds, of Lexington, was the guest of Dr. W. G. Dailey at a six o'clock dinner Friday evening. Dr. McClymonds had visited a patient at Carlisle and visited Mr. J. J. Peed while here.

—Mr. S. M. Allen paid a few days ago to Mr. Stanley Gault for the Liverpool, Globe and London Fire Insurance Co., the amount of his policy, \$1,400, on his house and household effects, recently destroyed by fire.

—Mr. William Becraft, while driving a sow from his cornfield a few days ago was attacked by the animal and had it not been for his faithful dog he might have been killed. The

sow succeeded in getting him down but in the fight with the dog she moved some little distance from him, making it possible for him to make his escape. He sustained but a few slight bruises.

—Miss Margaret Allen, Mr. Albert Moffit, Mr. Reese Ingels and Mr. Riggs, who united with the Baptist church last week, were immersed Sunday night.

—Mr. R. M. Johnson sold on Saturday his crop of tobacco of about 4,000 pounds, to his father-in-law, Mr. R. O. Chambers, at \$15 per hundred, to be delivered at Carlisle. This is the first sale of the season here.

—Mr. and Mrs. Earle Barton have moved to a part of the residence of Mrs. Lavinia Vimont, on Main street, from the home of his parents, Mr. and Mrs. V. L. Barton, on the Ruddled Mills pike.

—Our community was visited Sunday by one of the worst blizzards in the memory of the oldest inhabitants. A light snow fell Sunday morning, which increased as the day advanced and was coming from the west and before night it had, thoroughly covered the ground. A regular blizzard the night and day.

—Mr. Jules Falk, who gave a violin concert at the chapel of the Millersburg Female College under the auspices of the Y. W. C. A., last night, was greeted with a large and appreciative audience, in spite of the inclement weather. Mr. Falk is well-known to the music-loving people of Millersburg, having given a concert on a previous occasion, and there was no disappointment in the concert of last evening. Mr. Falk is a talented musician, and is always a welcome visitor to Millersburg.

—Our town was shrouded in darkness Saturday night. About 5 o'clock the electric lights went out and it was impossible to repair the plant so as to use it during the night. The fault was found to be in the pump, which refused to work properly. However, it was placed in good condition Sunday and the lights are now working admirably. The plant was installed in January, 1911, and Saturday was the first night that the consumers have been without lights. On one occasion some months ago the lights were out of commission for about an hour, and with these two exceptions they have not given one bit of trouble since the plant was installed. There are few small towns that can lay claim to such a good record.

—Mrs. E. M. Ingels entertained Saturday afternoon, from 2 to 5, a number of her lady friends at her beautiful home on North Main street, with progressive rook. The guests were received by the hostess and her sister, Mrs. Templeman, of Carlisle. The color scheme was pink and white which was nicely carried out. Pink carnations were in great profusion in all the rooms. There were fourteen tables of rook, and a number who did not indulge in the games were present. Six games were played, but no prizes were given. At the close of the games ice cream, chocolate bon-bons and egg kisses were served. Mrs. Ingels was assisted in entertaining by her daughter, Miss Elizabeth Ingels, Misses Lucile Dailey, Lucia Butler, Aleta Wilson and others.

RESTRAINING ORDER GRANTED IN BREATHITT CONTEST CASE.

Circuit Judge L. P. Fryer, of Harrison county, Saturday issued a temporary restraining order against the Board of Election Commissioners of Breathitt county from proceeding with the official vote of the vote cast at the last election. The order restrains the board from action until the further order of the court. Arguments on the order, to show cause why an injunction should not be issued, will be argued before Judge Fryer on Monday, November 17.

Judge Fryer was appointed a special judge by Gov. McCreary, to sit in the contested Breathitt county election, which affects Judge Hugh Riddle and his opponent, Judge James P. Adams, who were candidates for the circuit judgeship.

The restraining order was first asked for in the count of the vote for these two candidates, the friends of Judge Riddle fearing that his small majority might be wiped out, should the board throw out certain precinct returns.

After Judge Fryer granted the restraining order in the judgeship contest, Judge Riddle applied for and obtained a similar order applicable to the other county offices.

How to Detect the Alum Baking Powder

"Which are the alum baking powders; how can I avoid them unless they are named?" asks a housekeeper.

Here is one way: take the can of a low-priced powder in your hand and read the ingredient clause upon the back label. The law requires that if the powder contains alum that fact must be there stated. If you find one of the ingredients named alum, or sulphate of aluminum, you have found an alum baking powder.

There is another and a better way. You don't have to know the names of the alum powders. Use Royal Baking Powder only; that assures you a cream of tartar powder, and the purest and most healthful baking powder beyond question.

LEAF TOBACCO QUANTITY REPORT IS DELAYED.

The Census Bureau has completed its canvass of the quantity of leaf tobacco on hand on October 1 last. As yet, however, the Bureau has been unable to announce the result, but tabulations are proceeding and it is stated that the statistics will be made public probably November 15.

Director William P. Harris, of the Census Bureau, said today that much difficulty is being experienced in the collection of the data, because many dealers either intentionally or willfully neglect to make the census reports until they are repeatedly reminded of the requirements of the law, and in some cases it has been necessary to threaten to enforce the penal provisions. The law requires that these reports shall be made to the Government April 1 and October 1 each year.

When the law first became effective it was necessary to send special agents into the field to enforce compliance. It delayed the work and also entailed much expense of an unnecessary nature. Recently, however, the dealers and manufacturers have shown more willingness to comply with the law.

SAVING THE DAY.

"A bad mess," declared the junior partner. "Lot of urgent mail to be answered and the typewriter has just left."

"The office boy is always fooling around that machine," suggested the senior partner. "Put him in now and let's see what he can do as a pinch hitter."

MR. BRYAN'S PAPER, THE COMMONER.

Through the columns of The Commoner Mr. Bryan meets the attacks of those who are opposed to Democratic reforms, as well as the clever misrepresentations made by the organs of special interests. As an exponent of the plans and purposes of the national Democratic administration, The Commoner is of unusual interest to all progressive citizens. Mr. Bryan's signed editorials give a timely discussion of public questions and are interesting and valuable to all students of governmental affairs. It is a big 32 page monthly. Besides supplying the best political and general matter, it has interesting Home, Fashion, Farm, Cartoon and other departments. A carefully prepared report of the work of the various members of the President's Cabinet is especially interesting to each taxpayer. The subscription price is \$1.00 a year.

Many of our readers are already subscribers to The Commoner; many may desire to be. To make it convenient as well as inexpensive to our readers, to send subscriptions to The Commoner we have arranged with Mr. Bryon to furnish his paper to our readers at a special low rate. Only \$2.25 pays for a full year's subscription to this paper and The Commoner. If already a subscriber to either paper your expiration date will be extended one year.

DECLARES DISTRICT FOR TUBERCULOSIS SANITARIUM

The State Tuberculosis Commission met in Frankfort, Saturday, and declared three new districts for tuberculosis sanitariums, Fayette, Henderson and Christian counties, which voted in favor of establishing sanitariums at the recent election. The commission has instituted a campaign in Daviess county in an effort to induce the Fiscal Court to establish a sanitarium.

11-2t JOHN S. WIGGINS.

LOST.

A bird dog, white with black spots. Answers to name of "Miller." Reward if returned to HARRY ODEN HOLT, Paris, Ky.

MR. LEWIS A. RIFFLE tells his experience with coughs and colds that lead to nervousness and debility.

Colds are often aggravated during the Summer because inactive bowels and a stomach out of order are prime causes in keeping a cold from getting well.

Pe-ru-na has very beneficial laxative qualities that neutralize such conditions. Its tonic ingredients tone up the system, and thus invigorate the stomach's functions to normal activity.

Mr. Riffle's experience is especially interesting at this time of the year because it shows the close relationship there is between a nervous breakdown and a neglected cold.

Pe-ru-na should be kept in the home at all times, that a cold upon its first appearance may be treated promptly and successfully. This often saves money and time, and what is more important, a great deal of vitality.

Mr. Riffle, of 753 Gautsheim Ave., Portland, Ore., writes: "I have found Pe-ru-na a most remarkable medicine for building up the system and for curing coughs and colds."

"I took it for four weeks a few months ago when I was all run down, nervous and debilitated, and it quickly restored my health."

"I always keep it on hand, as a few doses will cure a cold if taken in time." People who object to liquid medicines can now obtain Pe-ru-na Tablets.

Mr. Lewis Riffle.
